THE FRANCES SHIMER ACADEMY

I. SITUATION, BUILDING, AND GROUNDS.

The Academy is situated at Mount Carroll, Ill., the county-seat of Carroll county, one hundred and twenty-eight miles west of Chicago on the Chicago, Milwaukee and St. Paul Railroad, which by its South-west and Pacific divisions brings the school into direct communication with Chicago, Omaha, Kansas City, Milwaukee and Rock Island, and through these with all parts of the country.

The town of Mount Carroll is ten miles from the Mississippi River, beautifully located among picturesque hills, and is justly celebrated for its beauty and healthfulness.

The grounds consist of twenty-five acres planted with ornamental and fruit-bearing trees. A fine kitchen garden supplies the table with fresh vegetables. The Academy stands on high land and looks off over a landscape rich and varied. The building is supplied with hard and soft water, is well heated, and the corridors and first floor are lighted by electricity.

II. INTRODUCTORY YEAR.

The Introductory Year has been provided because experience has shown that, in many instances, high attainment in college preparation is made impossible by the lack of a solid foundation in elementary subjects, and because that kind of elementary instruction which is properly introductory to a preparatory course is not available in some localities. To provide for such elementary instruction the following course of study for the Introductory Year is provided:

Arithmetic, English.	Geography, U. S. History, Elem. Science.

III. THE CURRICULUM.

The Academy offers three courses of study based upon the requirements for the degrees of A.B., Ph.B., and S.B., at The University of Chicago. The following diagrams exhibit the arrangement of studies in each course:

Classical instruction is given in the form of public recitals in the school.

The course in Harmony is based on Schenker's

Exercise in vocal playing.

The first and second important considerations in voice training is the establishment of correct technique. This fact will be explained throughout the entire course.

REQUIRED LITERARY WORK FOR STUDENTS IN MUSIC AND ART.

Students making a speciality of Music or Art are required to complete before graduation the following course:

Common English branches; French or German; History; Literature; Rhetoric and Composition; Physiology; History of Music or Art.

VI. BUSINESS COURSE.

To meet the needs of those who desire Business training arrangements will be made for instruction in Bookkeeping, Stenography, and Type-writing, to be taken with, or independently of the regular course.

VII. EXPENSES.

1. *Tuition Fee.* The tuition fee for day-pupils is \$15 per quarter, or \$7.50 for a term of six weeks. This includes all charges except for books. No pupil is taken for less than six weeks. For day-pupils taking Music and Art, see 3, below. For day-pupils taking Bookkeeping with regular studies the extra charge is \$6 per quarter. Bookkeeping alone, \$12 per quarter. Stenography and Type-writing, with use of typewriter one hour daily \$20 per quarter. Stenography, Type-writing, and Bookkeeping \$25 per quarter.

2. *Expenses for Boarding-Pupils.* Tuition, board, rent of room, lights, fuel, and washing (one dozen pieces), \$70, \$75, and \$80 per quarter, according to room selected. For a term of six weeks the charge is one-half as much as for the quarter. No pupils are taken for less than six weeks. To pupils who pay the extras for Music or Art, but who do not take any literary

work, there will be a reduction of \$10 per quarter from the above rates. Boarding-pupils who take only business studies will be charged \$5 or \$10 extra, according to the number of business studies taken. Pupils are expected to furnish sheets, pillow-cases, blankets, and towels.

3. *Expenses in Music and Art.* Private daily lessons in Music, Division A, \$16 per quarter. Private daily lessons, under the Principal of either Vocal or Instrumental Department, \$32 per quarter. Harmony in class of four, two lessons per week, one hour each, \$13.50 per quarter. Harmony, two lessons per week, under an assistant, \$8.50 per quarter. Use of piano one hour per day, \$3.25 per quarter. Each additional hour, \$2.50 per quarter. Use of organ (large pedal bass) one hour per day, \$1.35 per quarter. 4. *Payment of Academy Bills.* The bill for each quarter is to be paid on the first day of the quarter, and a receipt-card properly signed by the Dean must be obtained before recitations are begun. When more convenient, payment for the term of six weeks may be made instead of for the whole quarter. No pupil is expected to begin the work of any term without first having paid the tuition bill for six weeks.

5. Pupils who desire to help themselves by working in the Manual Labor Department should write as early as possible to the Dean, stating how large a part of the full charge they are able to pay. It is not expected that the amount earned by any pupil would exceed \$25 per quarter.

6. Books and stationery may be purchased at the Academy at reduced rates. The necessary expense for books ranges from \$2.50 to \$7 per quarter, according to the number of studies and advancement of the pupil.

VIII. PERSONAL CARE.

On entering the Academy, every girl will receive personal attention as to her physical condition. Parents are earnestly requested to supply any information that would assist in forming a just estimate of the pupil's physical needs. These will be carefully recorded and each pupil placed under the personal supervision of a teacher whose duty it will be to see that these needs are properly met. Parents will be kept informed of their daughters' physical condition as regularly as of their intellectual progress.

IX. GENERAL INFORMATION.

1. *Selection of the Courses of Study.* The work of the first year is substantially the same for all students. At the beginning of the second year each student will choose, with the advice of the Dean and the approval of her parents, the course best adapted to her needs and aims. Irregular courses are discouraged.

2. *Advanced Standing.* Students who enter from High Schools or other Academies, and wish to take advanced courses will be given an examination to test their fitness to profit by the courses which they desire to take.

3. *Special Students.* Students who do not intend to go to college will, as a rule, be expected to follow the regular courses of study, since these are as well adapted for general culture and training as for college preparation. In cases where deviation from the courses of study is permitted, students must arrange with the Dean.

4. *Examinations and Grading of Students.* All examinations passed in the Academy in college preparatory subjects are credited towards admission to The University of Chicago. A student, therefore, who has successfully completed his Academy course is admitted to The University without further examination.

5. *Absences.* Permission must be obtained, when practicable in advance, for absences from church, from physical exercises, from chapel, and from study hours, as well as from recitation. Students are expected to attend every exercise. Irregularity of attendance, if persisted in, leads to the removal of the offender from the Academy. Absences at the beginning and at the end of the quarter involve as serious loss to the pupil as at any other time. A daily record of absences is made, and all students are expected, unless they are physically unable to do so, to obtain excuses for their absences within twenty-four hours of the time when they were incurred.

6. *Absence from the Town.* No student may under any circumstances leave the town without permission previously obtained from the Dean.

7. *Advantages of House Residence.* Students from out of town are expected in all cases, unless residing with near relatives, to occupy rooms in the Academy building. Students occupying such rooms avoid many distractions, come into very close contact with the life of the school, and are very likely to regard the school work as the one thing demanding their best efforts. They are led to cultivate a healthy spirit of self-reliance and to gain from their fellow-students an

THE FRANCES SHIMER ACADEMY

enthusiasm for study and a knowledge of life. Not infrequently the best and most lasting results of schooling are derived from association with teachers of calm and attractive personality.

8. *Deposit on Room.* Applications for rooms should be sent to the Dean as early as possible. The sum of \$5.00 must be deposited when a room is engaged, and no room will be reserved unless this deposit has been made.

9. *Rooms and Furnishings.* Rooms are of different kinds and sizes; all are furnished with beds, chairs, table, bureau, washstand, carpet, and window shades. Students furnish sheets, pillow-cases, blankets, and towels.

10. *Scholarships.* A scholarship covering tuition for one year in the scholastic department is offered to the girl of the highest standing in her studies in each high school of Carroll county.

11. All business communications should be addressed to the Dean.

X. THE RELATION OF THE ACADEMY TO THE MT. CARROLL SEMINARY AND TO THE UNIVERSITY OF CHICAGO.

The school which for more than forty years has been known as Mt. Carroll Seminary has, by the wish of its founder, Mrs. F. A. W. Shimer, become an affiliated school of The University of Chicago. It was Mrs. Shimer's desire at the outset to transfer the Seminary

directly to the University. After much consideration, however, it was decided that a separate Board of Trustees should be organized and take charge of the school. This has been done. The Board consists of fifteen members, representing The University of Chicago, the Alumnae of the Seminary, and the citizens of Mt. Carroll.

The relation of the Francis Shimer Academy to The University of Chicago is a double one. In the first place it is an affiliated academy of the University, and as such the work of instruction is under the direct oversight of the University. In the second place, six of the fifteen trustees are trustees of the University. Among this number are the President of the University, Dr. W. R. Harper, the Vice President of the Board, and the Comptroller and Secretary. In order to emphasize the intimate relation which the Academy will sustain to the University, Professor F. J. Miller, the University Examiner in the Department of Affiliations, has also been made a member of its Board of Trustees. While, therefore, the Academy will sustain a relation to the University so intimate as to justify its name, it is an independent institution and seeks a constituency of its own.

This constituency, it is hoped, will include all the friends of Mt. Carroll Seminary. The new school recognizes the excellent work done in the past, and hopes to carry forward into the future all that is best. It will always have a hearty welcome for Alumnae and old students of the Seminary, and it asks their coöperation and support in the effort to perpetuate and advance the best interests of their old school.
